ORDER :

In Letter 3rd read above, the Vice Chancellor, Professor Jayashankar Telangana State Agriculture University, T.S., Hyderabad has informed that FS/CS/TL Seeds of different crop varieties are being produced at various Research Centers of the University and ICAR Institutes located at Rajendranagar for popularizing the newly developed varieties. The total quantity of these classes of seed comes to around 18,000 – 20,000 quintals per year and the entire quantity of seed is sold to the farmers visiting the station and the farmers also enquire about the subsidy to such seed and insist for the same in general and particularly to hybrid seed in Maize, Castor and Redgram varieties. However, the University is not able to supply the subsidized seed to the farmers. The extension of subsidy facility to the seed produced in the University was considered favourably in the past only during 2016-17 and later on discontinued. He has requested the Government to reconsider the matter once again as large quantities of seed is being sold during Seed Mela (on 24th of May every year) apart from the regular sales throughout the year at different research stations of the University and the ICAR institutes to farmers of entire Telangana without of benefit of subsidy component.

2. He has further informed that in ensuing Seed Mela on 24th May, 2019 it is decided to position about 3000 quintals of different crop varieties for sale and requested to consider the same for inclusion under Govt. subsidy programme during the year 2019-20.

3. Government after careful examination of the matter and in the interest of farmers hereby extend the subsidy pattern implemented on the seeds shall be applicable during the sales made in the Seed Melas to be organised on 24th May, 2019 by the University only.

4. The University / Research Centres shall produce the list of farmers along with the copies of cash bills to the Commissioner of Agriculture to claim the subsidy amount within (10) days from the closure of Seeds Melas.

5. The Commissioner of Agriculture shall scrutiny the bills submitted by the University / Research Centres and to ensure the correctness and shall release the subsidy amount to the concerned immediately.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TELANGANA)

C.PARTHA SARATHI,
APC& PRINCIPAL SECRETARY TO GOVERNMENT

To
The Registrar, PJSTAU, Rajendranagar, Hyderabad
The Commissioner of Agriculture, Hyderabad.
